Taher El-Zanaty

Welcome

Dear Friends & Colleagues,

I'd like to personally welcome each of you to the **13th Cairo University Hepato-Gastroenterology and Endoscopy course** organized by El-Ebrashi Unit, Internal Medicine Department, Faculty of Medicine, Cairo University. We'll continue to meet and bring inspired people together in forums like this, to ensure that Cairo University remains at the cutting edge.

I'd like to give you an idea of what you can expect and what we hope to achieve. We invited top speakers both national and international figures to give us the latest updates in Hepato-Gastroenterology and endoscopy. We included debates, video sessions and round-table discussions to get you involved in the learning process. We continue to have our top-edge live endoscopy course and the Hands-on endoscopy workshop. We changed the activity days to be at the end of the week to suite your requests.

Throughout this conference, I ask you to stay engaged, keep us proactive and help us shape the future of gastroenterology and hepatology. My personal respect and thanks goes out to all of you.

Conference President

Mazen Naga
