WELCOME ADDRESS

Dear Colleagues,

It is my great pleasure to invite you to the 1st Hepatology and Gastroenterology Post Graduate Course endorsed by American College of Gastroenterology (ACG) and in collaboration with the World Gastroenterology Organization (WGO,) it will be held back to back with the 10th International Workshop on Therapeutic Endoscopy.

The attendees will learn from internationally known experts and rising stars in the field of gastroenterology and hepatology who will deliver the latest cutting edge of information based on evidence based approach.

We all promise you the most exciting Hepatology and Gastroenterology meeting of 2008.

We look forward to welcoming our friends and colleagues from Africa, the Middle East, America and the Asian Pacific Region; we have so much to contribute together through the International fellowship of Medicine.

Cairo is an outstanding venue for our meeting. The Conrad international hotel is situated near the city centre. The social, cultural, recreational and gastronomic attractions of Cairo are well known.

I appeal to all participants to become active and enthusiastic contributors to the course, joining forces to ensure that it is the best educational event ever!

We are all working very hard to make sure the meeting meets all your expectations.

Looking forward to seeing you soon in Cairo!

Ibrahim Mostafa
