11:00-15:00

Thursday  
June 23, 2005

### Poster Session Dahabeya HALL

**BILE DUCT INJURY DURING CHOLECYSTECTOMY, DIAGNOSTIC AND THERAPEUTIC ASPECTS**

Mohamed Karam, Alexandria University

**ACUTE PANCREATITIS, DIAGNOSIS AND STAGING**

Samer Bessa, Alexandria University

**ASSESSMENT OF CLINICAL SIGNIFICANCE OF SERUM ENDOTHELIN-1 AND ATRIAL NATRIURETIC PEPTIDE IN PATIENTS WITH HEPATORENAL SYNDROME**

Ayman El Shayeb, Hisham El Saegh\*, Akram Deghady\*\* and Hanan Tayel\*\*\*

Tropical Medicine, Internal Medicine\* and Clinical Pathology\*\*, Alexandria University, Egypt

**THE ROLE OF INTERLEUKIN 6 AND INTERLEUKIN 8 IN PATIENTS WITH NON ALCOHOLIC FATTY LIVER**

Ayman El Shayeb, Hisham El Saegh\* and Akram Deghady\*\*

Tropical Medicine, Internal Medicine\* and Clinical Pathology\*\*, Alexandria University, Egypt

**WHY DOES HCV PERSIST FOLLOWING ACUTE INFECTION? THE IMMUNE EVASION MECHANISMS**

Mahmoud El-Ansary, Theodor Bilharz Research Institute

**STUDY OF CYTOGENETIC BIOMARKERS IN HUMAN FASCIOLIASIS AND TRICLABENDAZOLE TREATMENT**

Hanan Salah El Din Mahrous\* and Sahar Ahmed Abou Holw\*\*

\* Genetic and \*\* Parasitology Department, Medical Research Institute, Alex. Univ.

**HIGH PREVALENCE OF HEPATITIS C IN HAEMODIALYSIS PATIENTS: EFFECT OF ISOLATION OF NURSING STAFF?**

Mahmoud Anees, Tropical Medicine Department, Tanta University

**THE ROLE OF HYPOADIPONECTINEMIA IN HEPATIC STEATOSIS ASSOCIATED WITH CHRONIC HCV INFECTION**

Sahar S. Bessa, Internal Medicine, Tanta Faculty of Medicine, Tanta. Egypt

**SERUM THROMBOPOIETIN LEVELS IN PATIENTS WITH LIVER CIRRHOSIS; RELATION TO SEVERITY OF THE DISEASE, SPLEEN SIZE AND PLATELET COUNT**  
Ehab E. Abdel-Khalek, Mansoura Faculty

---

## Scientific Program

---

Thursday  
June 23, 2005

### PREVALENCE OF SEN VIRUS IN POLYTRANSFUSED CASES

Maha El-Gharbawy\*, Mona Morsi\*, Hala A. Raouf\*, Nahla A M Hamed\*\*, Dina Mohamed Hossam\*

Departments of Medical Microbiology & Immunology\* and Internal Medicine (haematology unit), Faculty of Medicine, University of Alexandria

### TITLE EVALUATION OF CANCER ANTIGEN 125, ADENOSINE DEAMINASE AND PURIFIED PROTEIN DERIVATIVES SPECIFIC IMMUNOGLOBULINS IN PATIENTS WITH TUBERCULOUS PERITONITIS

Nagla T. El-Melegy<sup>1</sup>, Salwa .S. Seif Eldin<sup>2</sup>, Magda Shehata<sup>3</sup>

Departments of Biochemistry<sup>1</sup>, Microbiology<sup>2</sup> and Tropical Medicine and Gastroenterology<sup>3</sup>, Faculty of Medicine, Assiut University, Assiut, Egypt

### PATHOGEN DISTRIBUTION AND CLINICAL CHARACTERISTICS IN A DIARRHEA SURVIELLANCE STUDY IN AN URBAN SLUM IN CAIRO, EGYPT

Ibrahim Adib Abdel-Messih

Medical Research Scientist, Enteric Diseases Research Program U.S Naval Medical Research Unit (Namru-3)

### DISSEMINATED INTRAVASCULAR COAGULATION IN CHRONIC LIVER DISEASE AND ITS ROLE IN ACUTE VARICEAL BLEEDING

Fayza Azzam MD, Ayman Menessy MD, shahera El-Etreby and\* Hayam Rashad MD.

Internal Medicine and \*Clinical Pathology Departments, Mansoura Faculty of Medicine, Mansoura, Egypt

### EARLY DETECTION OF GASTRIC FUNDAL VARICES BY SPIRAL CT ANGIOGRAPHY

Ayman Menessy, and Mahmoud Abdel-Shaheed

Internal Medicine, Diagnostic Radiology Departement, Mansoura University. Egypt

### CYCLOOXYGENASE-2 (COX-2) EXPRESSION IN PRIMARY HEPATOCELLULAR CARCINOMA

Sawsan Abd El-Moneim; El-Desoky I. \*Madi H.\*\*

Internal Medicine & Pathology\* Departments, Mansoura University; Mansoura; Egypt., \* Pathology Department at Pittsburgh University.

### CHANGES OF SERUM OXIDIZED LOW DENSITY LIPOPROTEINS, IRON AND FERRITIN IN CHRONIC LIVER DISEASE

Eman M. El-Sayed and El-Sayed, I. Salama

Food Sciences and Nutrition Department, National Research, Centre Dokki, Cairo and Pediatrics, Liver Institute, Menoufyia University, Menoufyia

---

## Scientific Program

---

Thursday  
June 23, 2005

### VASCULAR ENDOTHELIAL GROWTH FACTOR IN HEPATOCELLULAR CARCINOMA: ITS CLINICAL, PATHOLOGICAL AND PROGNOSTIC SIGNIFICANCE

Essam Hammad \*, Mohsen Salama \*\*, Yasser Thabet \*\*\*, Ahmed Sharawy \*\*\* and Mohamed Tawfik \*\*\*\*.

Departments of Surgery \*, Medicine \*\*, Clinical Pathology \*\*\* and Pathology \*\*\*\*, National Liver Institute , Menoufiya University

### EVALUATION OF THE INHIBITORY EFFECT OF ANTISENSE OLIGODEOXY-NUCLEOTIDES ON THE GROWTH OF HEPATITIS C-ASSOCIATED HEPATOCELLULAR CARCINOMA CELLS IN VIVO

Mona A Amin MD\*, Mohamed R Awadein MD\*, Hala G Metwally MD\*\*

Department of Internal Medicine\*, Clinical Pathology\*\*, Faculty of Medicine - Cairo University

### ENDOSTATIN AS A NOVEL MARKER FOR HCC

Omnia El Bendary<sup>1</sup>, Alaa Ismail<sup>2</sup>, and Ibrahim Mostafa<sup>2</sup>

1. Clinical Chemistry Department, Theodor Bilharz Research Institute

2. Gastroentrolgy and Hepatology Department, Theodor Bilharz Research Institute

### INSULIN RESISTANCE IN HCV

Reda .M. Al-Badawy, Awad .M. Al-Abdand, Eman.A. Eleter

Department of Tropical Medicine& Biochemistry and Physiology Benha Faculty of Medicine, University of Zagazig and Alexandria University

### ROLE OF WATER IN THE TRANSMISSION OF CYCLOSPORIARSIS IN SHARKEYA GOVERNORATE, EGYPT

Eman M N EL-Karamany, Tarik I. Zaher\* and Mamdouh M. El-Bahnasawy\*\*

Parasitology and Tropical Medicine\* Departments, Zagazig Faculty of Medicine and the Military Medical Academy\*\*

### MEDICAL ENDOSCOPIC AND SURGICAL MANAGEMENT OF REFLUX ESOPHAGEAL STRICTURES

Wafik M. Sabae, Military Medical Academy Hospital, Egypt

### CHANGE OF SEROPREVALENCE OF HBSAG & HCVAB AMONG EGYPTIAN YOUNG ADULTS

Mahmoud Kamal Wahdan\*, M.D and Mohamed Hany Farid\*\* , M.D

\*Tropical Medicine, Gastrointestinal Endoscopy& liver Diseases and \*\*Clinical Pathology Departments, Mobarak Police Hospital, Cairo
